Dear Mr. Moore:

The EPA Superfund program completed an assessment of Resource Conservation Recovery Act (RCRA) facilities during fiscal year 1992 under the Environmental Priorities Initiative. Tri Star Sport Inc. was one such facility.

Because Superfund resources were used to aid the RCRA program's screening of site's for potential corrective action under Subtitle C of RCRA, the properties were entered into the federal inventory called CERCLIS (Comprehensive Environmental Response Compensation Liability Information System). The property was subsequently deferred to the RCRA program and is not subject to further Superfund investigation.

If you have any further questions or comments please do not hesitate to call me at (617) 573-9698.

Sincerely,

Jane Anderson
